

Stowe Elementary

Year Built – 1992
 Additions – 1994 (entrance)
 Size (sf) – 70,232
 10/06 Enrollment – 378
 Site area – 8.9 acres
 Grades – K-5

Stowe Elementary School meets the needs of the students and the staff of this area of the community and the facilities specialize spaces support the curriculum being taught. There are no significant deficiencies in regards to educational adequacy within this building that need of immediate attention.

The site appears to be adequately sized to meet the needs of the school and separates car and bus traffic successfully. There is a need for some additional staff parking, but that is not a pressing issue based on current enrollment. The cafeteria and kitchen areas are minimally adequate; they could be more efficient with some additional equipment.

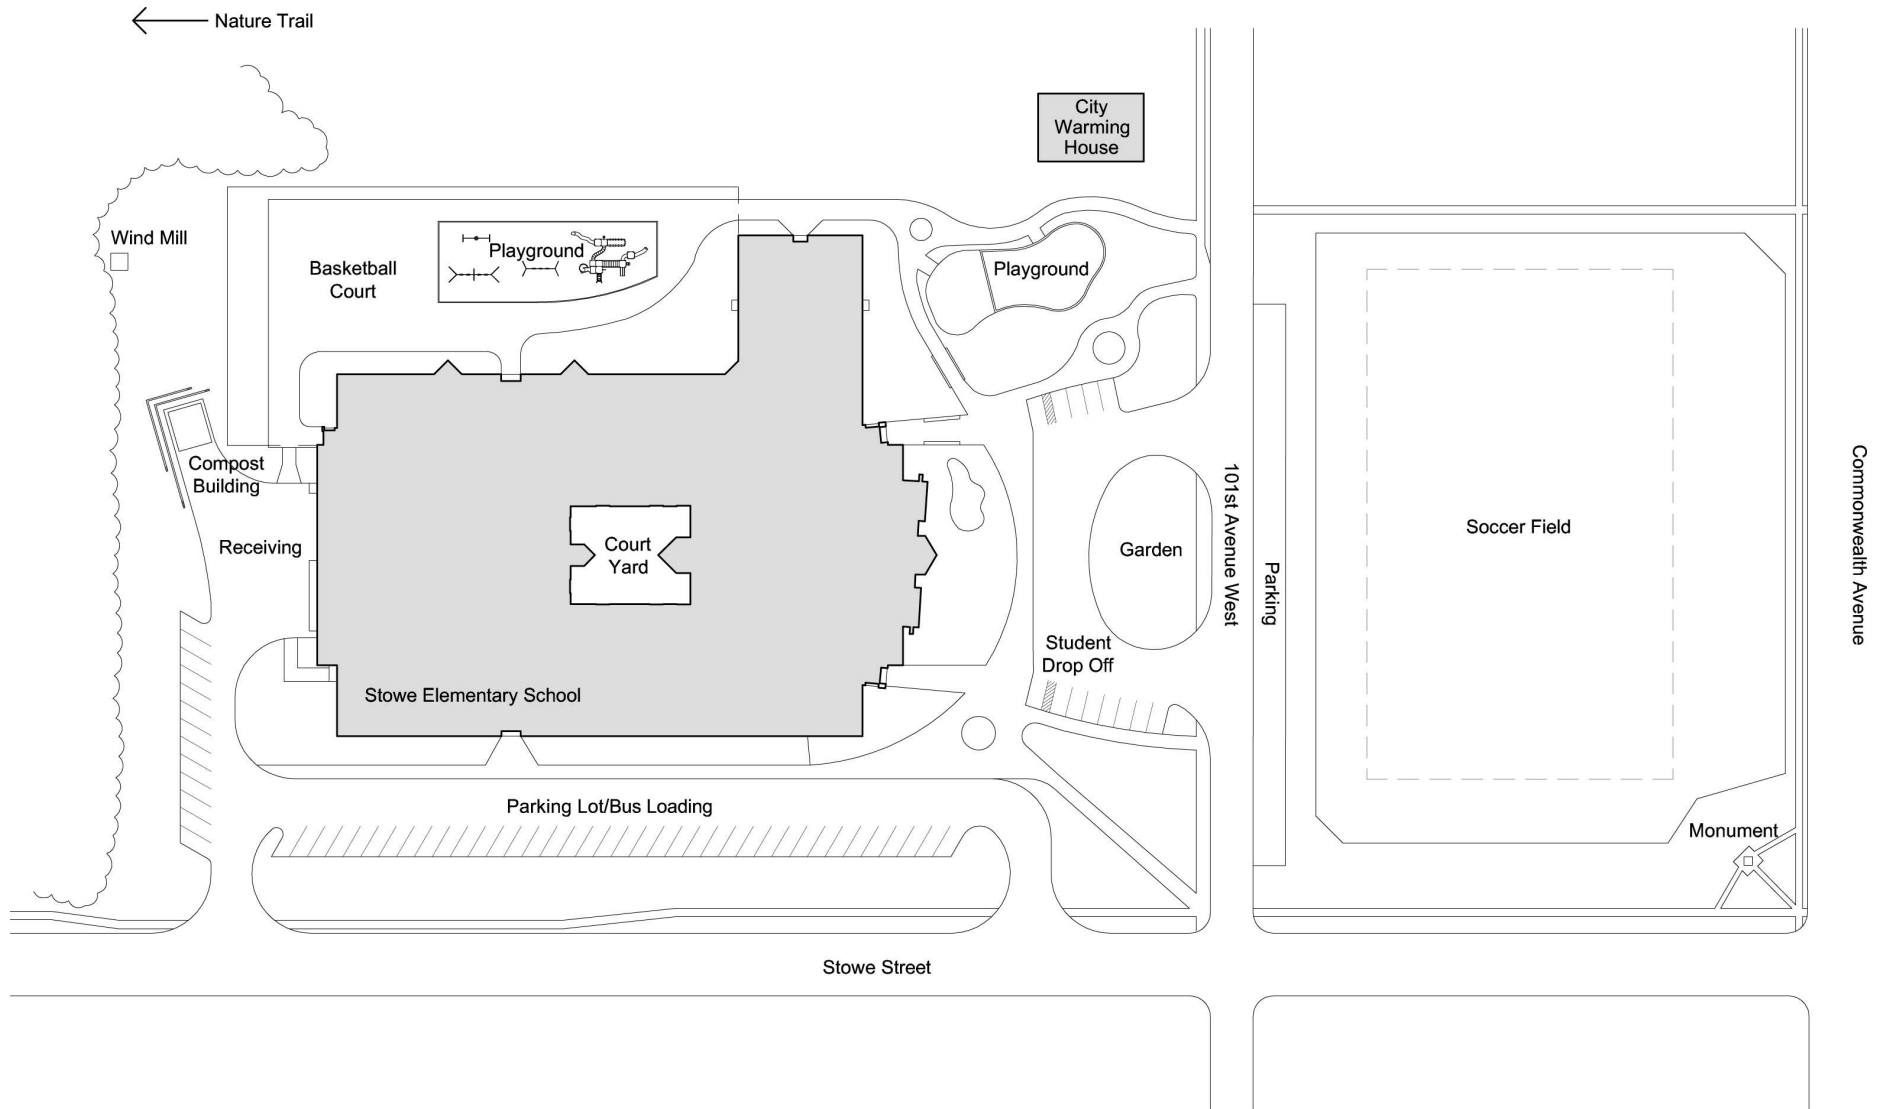

Educational support spaces, such as student break-out areas, are not present at the current time. This facility is well maintained and could meet the needs of the district for a long time.

Summary of Educational Adequacy Requirements - Stowe Elementary						
Key Program Areas			Meets requirement	Does not meet requirement but acceptable	Not acceptable	Cost to remedy
